Equalization Bill Goes To President

99-Year Leasing Act Held Up by Senate Amendment

Special to The Desert Sun
WASHINGTON — Congressmen D. S. Saund reported today that two bills affecting land on the Agua Caliente Indian Reservation were passed unanimously by the Senate yesterday afternoon.

The Equalization Bill will authorize allotments on the reservation and the Land Lease Act (HR 6672) would authorize increasing the leasing period to 99-years.

THE EQUALIZATION Bill is now before the President for his signature.

When the Senate passed the leasing bill it added an amendment to include the Navajo reservation and the Florida Seminole reservations. A Senate-House Committee conference is being held this afternoon, but the conference will not affect the Saund Bill for the Agua Caliente Tribe.

"I HAVE CONFERRED this morning with the chairman of the House Indian Affairs sub-committee and the full Interior and Insular Affairs Committee, as well as interested Senators," said Saund, "and I feel confident the Agua Caliente lease bill will finally pass."

The Congressmen has worked closely with Senate leaders during the past three or four days to insure passage of the bills.

THE EQUALIZATION Bill was passed by the House of Representatives on Tuesday. With the assistance of Senator Clare Engle, the bill was placed on the Senate calendar by unanimous consent yesterday without going to the Senate Interior Committee for consideration.

Saund expressed his appreciation to the Agua Caliente Tribal Council and to city officials of Palm Springs for their help. Palm Springs representatives went to Washington several times to appear at committee hearings.

Airlines Request Village Service

Special to The Desert Sun
WASHINGTON, D. C. — Two West Coast airlines have applied for authority to expand services on routes that would add two more flight schedules to Palm Springs airport.

Bonanza Airlines has filed a brief with the Civil Aeronautics Board for authority to fly a Reno-San Diego Route via Fresno, Bakersfield, Ontario, Riverside and Palm Springs.

Pacific Airlines asked the CAB for permission to add Reno, San Diego, Fresno, Long Beach, San Bernardino and Palm Springs to its service to give the company "an effectively integrated local service system."

In Little Rock

Police Nab Trio For School Blasts

LITTLE ROCK, Ark. — UPD — Little Rock police charged an ailing 35-year-old truck driver and a building supplies dealer today in three Labor Day bombings.

They questioned a third man, Jesse R. Perry.

J. D. SIMS, tall, slim truck driver and member of the Ku Klux Klan, was arrested Tuesday. He was charged Wednesday under an 1895 state law making destruction of property by explosives a felony.

E. A. LAUDERDALE, a member of the segregationist Capital Citizens Council, was taken into custody Wednesday night as he walked into a mid-week church service. Little Rock police and Federal Bureau of Investigation agents questioned him until after midnight.

He was charged under the same explosives law.

Both men were held in lieu of

SWATHED IN BLANKETS, Village gardener Albert Moser is carried from the Air Force helicopter that hauled him from the rugged High Sierras after an ill-fated July fishing trip. Moser is today convalescing at home from near-fatal injuries received when he was dragged behind a runaway mule. Coincidentally, the rescue team marked a new "first" for the Air Force — it was the first time a helicopter ever took off from an altitude of 12,000 feet.

Seven Children Killed as Train Hits School Bus

OAKLAND, Md. — UPD — The Baltimore and Ohio Railroad's passenger express—The Diplomat—slammed into a school bus stalled on a grade crossing today, killing seven children and injuring 11 others.

At least three of the injured were reported in critical condition at hospitals.

POLICE IDENTIFIED six of the dead as Nancy Lee Harvey, her brother, Merle Harvey, Shirley Lee, Richard Hinkle, Nancy Deems and Lee Hoffman, 14, all of Deer Park, Md., near Oakland. The seventh, a girl, was not identified immediately.

POLICE SAID THE bus carried 36 high school and grade school pupils. The bus driver, Leroy Campbell, 40, Deer Park, said he thought he had picked up "about 28" pupils.

Campbell, who was treated for shock at a hospital, said the bus engine failed as the vehicle was partially across the eastbound track of the crossing.

MRS. PHYLLIS TAUGH, 27, who lives in an apartment above a general store 50 feet from the crossing, was preparing her two children for school when she heard the crash.

"When I came outside I got weak," she said. "I saw children lying along the tracks. There were children screaming. Some had blood on them. They were crying and there was a lot of children. I began to wipe blood off those I could get to. All I wanted to do was to comfort those children."

MEANWHILE, a rural Virginia county, the first in the South to abolish its entire white and Negro public school system, introduces to the nation today a new version of getting around desegregation court orders.

Prince Edward County, located about 75 miles west of Richmond, Va., plans opening day ceremonies today for 1,500 white students, who will attend private schools set up on a county-wide basis.

The schools are financed completely by private donations.

AN ESTIMATED 1,700 Negro students in the county have no schools to attend.

The county abolished its public school system under Virginia's new "freedom of choice" plan, a local-option plan to cope with integration, when ordered by the courts to integrate. Classes in the private schools do not begin until Monday.

VILLAGER RECALLS BRUSH WITH DEATH

By AL LE ANCE

A Palm Springs gardener who narrowly escaped death in a breakneck journey behind a wild-eyed, runaway mule quietly rested at home today, convalescing from his near-fatal injuries.

He is Albert Moser, a onetime cowpoke who made headlines last month when he was hauled from the High Sierras by an Air Force helicopter after a disastrous summer fishing trip.

IRONICALLY, MOSER blamed his old cowboy days for his wild ride behind a mule that dragged him "from hell to breakfast."

"I'd be a lot better off if I hadn't remembered I was once a cowboy," Moser mused, gingerly propping himself to a sitting position on his living room sofa. "It nearly killed me."

The 54-year-old, onetime cowpoke was nursing a dislocated shoulder and convalescing from the removal of a kidney.

"YEP," HE GRUNTED, baring a scarlet, six-inch scar slashed across his left side, "I guess I'll be wearing this for a long time."

But Moser feels that he's a pretty lucky man — lucky to be alive, that is.

Moser was as healthy as his husky fireman son, Charles Moser, the day he packed in for his annual expedition to his favorite fishing grounds near Sky Blue Lake in the rugged Sierras.

THE NEXT DAY, July 15, it required the combined services of a dozen forest rangers, an Air Force helicopter and a light plane to save the life of the near-dead fisherman.

It all started, Moser recalled, when he set out to snare a mule that had wandered away from the fishing camp he shared with Villagers Spencer Rauber and Tom Nimisic at the 12,000-foot level of the Sierras near Mt. Whitney.

"I own three mules and this was the wild one," Moser remarked. "But he was one of the best—I broke him myself."

MOSER FOUND the mule, put a rope around it and then made the mistake of his life. He wound the other end of the rope around

his body.

"My hands were cold and I thought it would keep him from jerking," Moser explained. "It was a trick I learned when I was a cowboy in Wyoming."

"But," he reflected, "a corral is a lot different than a place covered with rocks."

The mule bolted, Moser tripped on a rock and off they went. The luckless fisherman flustered in the mule's wake like the tail of a kite caught in a hurricane.

"THAT MULE wasn't trotting—she was traveling," Moser said, "and I was bouncing six feet off the ground."

Moser figured his shoulder was dislocated when he slammed between a pair of big boulders.

"And the rope squeezed so tight I guess it busted the top of my

College Trustees To Meet Tonight

PALM DESERT. — Trustees for the Coachella Valley Junior College District will meet tonight in a "routine session" at the district office, 74-273 Highway 111.

College President Roy McCall said tonight's meeting agenda, starting at 7:30 p.m., includes consideration of a schedule for a meeting with architects on design of new college buildings and authorization for surveyors to chart the college site.

AT NEW DELHI, India rejected Red China's claim to thousands of square miles of Indian territory but indicated willingness to accept a Red bid for "friendly negotiation" on the issue.

Premier Jawaharlal Nehru read Parliament the texts of a series of notes, "aide memoires" and other communications exchanged between the two nations during the past week.

FROM VIENTIANE, Laos, Loyal troops recaptured much of the territory in Northern Laos taken by the Communists earlier this month, but Red guerrillas are now active in Southern Laos, it was reported.

FORGERY SUSPECT LOSES BUM CHECK, WINDS UP IN JAIL

Forgery suspect Harold E. Broome, 32, was apparently tripped up today by a check he never had a chance to cash.

Detective Robert Davis said Broome, of 324 North Palm Canyon Drive, was accused of using the signature of his former employer here to forge a \$35 check.

But, Davis said, the suspect apparently lost the check at The Plaza. It was found by a passer-by and turned over to the man whose signature Broome had allegedly forged.

The man, a Village service station operator, handed it to police and officers collared Broome, who was recently released from San Quentin after serving a term for check forgery, Davis said.

Crowd Watches N.Y. Patrolman Battle Teen-Ager

NEW YORK UPD — A lone patrolman battled a teen-age Puerto Rican gang leader Wednesday night before a hostile crowd of more than 300 tenement dwellers in the heart of West Side Manhattan's "jungle."

The patrolman, John Pilla, managed to arrest Ruben Aguirre, 16, who had seized the cop's nightstick, but not until another patrolman came to his assistance. Not one of the crowd that had gathered lifted a finger to help Pilla.

The incident, with its overtones of neighborhood animosity toward juvenile lawlessness, occurred as Mayor Robert R. Wagner prepared to hold an emergency meeting this morning with the city's five district attorneys. They were expected to discuss ways of making parents responsible for the actions of teen offenders.

Stock Upturn Recorded Today

NEW YORK UPD — Electronics shares led stocks higher in an extension of the rally under way at the close Wednesday.

AT NEW DELHI, India rejected Red China's claim to thousands of square miles of Indian territory but indicated willingness to accept a Red bid for "friendly negotiation" on the issue.

Premier Jawaharlal Nehru read Parliament the texts of a series of notes, "aide memoires" and other communications exchanged between the two nations during the past week.

FROM VIENTIANE, Laos, Loyal troops recaptured much of the territory in Northern Laos taken by the Communists earlier this month, but Red guerrillas are now active in Southern Laos, it was reported.

THE TEST SHOT "did not come out 100 per cent successful," Robert G. Gilruth, director of the Mercury Project, said.

President Eisenhower is expected to discuss the Khrushchev visit in his radio-TV address to the nation from 4:30 to 4:45 p.m. (p.d.) today.

Reds Step Up Campaign In Far East

Tibet's God-King Appeals to United Nations for Aid

By United Press International
Communists stepped up their encroachment program in the Far East today as the United Nations squirmed under a new appeal for succor — this time from the displaced Dalai Lama, Tibet's god-king.

Red guerrillas were reported "active" in southern Laos today and the Chinese Communist government has reiterated its demand for Indian lands bordering the Tibetan frontier now overrun by Chinese troops.

THE DALAI LAMA'S urgent appeal for immediate intervention to stop Communist China's "wanton and ruthless murder of my people" lay before the United Nations today but no member state was eager to pick it up.

The 23-year-old god-king, from his exile in India, cabled Secretary-General Dag Hammarskjold Wednesday night to ask for help from the General Assembly.

HE SAID RED Chinese forces had massacred thousands of innocent Tibetans and were sterilizing the men and women of Tibet in a drive to exterminate the race. Thousands had been dispossessed of their belongings and pressed into military construction gangs and thousands of Buddhist monasteries had been razed, the Dalai Lama said.

"The sufferings which my people are undergoing are beyond description and it is imperatively necessary that this wanton and ruthless murder of my people should immediately be brought to an end."

AT NEW DELHI, India rejected Red China's claim to thousands of square miles of Indian territory but indicated willingness to accept a Red bid for "friendly negotiation" on the issue.

Premier Jawaharlal Nehru read Parliament the texts of a series of notes, "aide memoires" and other communications exchanged between the two nations during the past week.

UNEMPLOYMENT DIPS IN AUGUST, JOB RECORD SET

WASHINGTON UPD — Unemployment dipped by 318,000 in August while the number of persons holding jobs set an August record of 67,241,000, the government reported today.

Layoffs caused by the long steel strike and by early model change-overs in the automobile industry prevented an expected seasonal drop of about 568,000 in unemployment ranks.

The Labor Department estimated some 145,000 workers in railroads, coal mining, construction and primary metals were laid off because of the steel strike, now 53 days old.

Two important advances in space technology were scored by the United States yesterday on the eve of Soviet Premier Nikita Khrushchev's 13-day visit to this country.

Informed observers said that the first operational firing of an Atlas ICBM and the partially successful testing of the capsule that will carry a man into space, might have been purposely scheduled at this time to counteract possible Russian moves during Khrushchev's visit.

INTELLIGENCE REPORTS have claimed that the Russians will try to achieve a major space triumph — possibly even shooting a man into orbit — as a propaganda move while the Soviet premier is touring America.

At Cape Canaveral, Fla., Project Mercury scientists, who have the job of getting a man into space and back, said today that if a member of the Mercury astronaut team had been in the test space capsule fired Wednesday he would have survived.

THE TEST SHOT "did not come out 100 per cent successful," Robert G. Gilruth, director of the Mercury Project, said.

John Wood Eyes Shakeup Of Council

Not a 'Surprise' If Electorate Rejects All Four Incumbents

Deficit financing of the Palm Springs city Golf Course—which may cost taxpayers an annual \$40,000 under present operational plans — could result in a complete shakeup of the city's government in April, a city councilman told The Desert Sun today.

John Wood, who with three other members of the council — Rith Hardy, Leonard Wolf, and Ted McKinney — must face the test of the ballot box if he wished to remain on the council after next spring, said today he "wouldn't be surprised" if voters rejected "all four incumbents" over the management of the newly-purchased links.

"THERE HAS BEEN a lot of bad information given to the council on the potential income from the municipal course," said Wood, "and there is only one way in which this thing can be figured."

He said that the city was using a figure of 250 players per day as the average on the course.

"I can tell you right now that it will be closer to 150," Wood said. The figures on the number of players reportedly came from Paul Adnessi of Tamarisk, but according to Wood are not realistic. "A d d e s s i admits that the figure of 150 is much more realistic," he said.

"IF WE HAVE a total of 150 persons per day at the height of the season — 120 days — we will have a total of approximately 18,000 players, bringing in a revenue of \$72,000. The annual budget for the course the first year is \$105,000," said Wood.

"If on top of this we build a bad clubhouse, it will hurt us. I think we should raise the green fees up, borrow money to build a good clubhouse and equipment — and then turn the operation over to someone who can operate it," he added.

BUT COUNCILMAN Leonard Wolf, who was voted for the course as it has been set up — yet cast one of two votes against the

House Votes To Override Veto of Bill

Marks First Time House Has Failed To Back President

See Story on Page 8
WASHINGTON (UPI) — The House voted today to override President Eisenhower's veto of the public works appropriations bill. It was the first time the House has voted to override an Eisenhower veto.

IT REJECTED 280-121 the second veto of the \$1,185,300,000 appropriation bill carrying funds for several hundred water development projects throughout the country. This was 12 more than the two-thirds margin required to override.

It appeared to be a foregone conclusion that the Senate also would muster the required two-thirds vote. This would mark the first time that legislation has been enacted into law over an Eisenhower veto. Senate action was expected later today.

VOTING TO override the veto today were 280 Democrats and 20 Republicans. Voting against overriding were 5 Democrats and 116 Republicans. In the unsuccessful attempt to override the first veto a week ago 263 Democrats and 11 Republicans voted to override and 132 Republicans and 6 Democrats voted to uphold the veto.

Meanwhile, the House, after rejecting the veto, completed congressional action on a "third try" housing bill which President Eisenhower was expected to sign into law. He had vetoed two previous versions of the bill.

MRS. COFFMAN RITE SET FOR FRIDAY

Funeral services will be conducted here Friday for Mrs. Helen Baylis Coffman, 66, member of a pioneering Palm Springs family, who died Tuesday at Scripps Hospital in Long Beach.

Services will be conducted at 9 a.m. in St. Paul's in the Desert Episcopal Church by Rev. Frederick Barnhill. Interment will follow at Desert Memorial Park.

Wiegels and Son Mortuary is in charge of funeral arrangements. A Palm Springs resident since 1918, Mrs. Coffman lived at 2777

Suits Will Test License Policy
LONG BEACH (UPI)—Two suits filed in Municipal Court will test the Department of Motor Vehicle's authority to suspend the licenses of first-offender drunk drivers.

Judge Charles T. Smith Wednesday ordered department Director Robert L. McCarthy to appear in court Sept. 17 to defend himself on a charge that he should be held in contempt of court.

The suits were filed on behalf of John A. Walters and Jack M. Baer, both of Long Beach. The men pleaded guilty to misdemeanor or drunk driving in Judge Smith's court, and were fined \$200 each and placed on a year's probation.

Dear Abby... ...by Abigail VanBuren

DEAR ABBY: If the "man of the house" is out and a friend of his (the wife knows him also) drops by his home:

(1) Should the wife invite the man in for spaghetti?

(2) Should the man, knowing the woman is alone in the house, accept the invitation or should he decline politely? CURIOUS

DEAR CURIOUS: It depends on what else was cooking besides spaghetti.

DEAR ABBY: What can be done about a neighbor whose good intentions I do not question, but who gives all the neighborhood children pills for something she has "diagnosed"?

She gave my ten-year-old a capsule for her liver because her "color" didn't look right. She gives a pair of twins on our block calcium tablets because they don't care for milk. She also made her paperboy drink some kind of malt concoction because he appeared underweight. (Now his mother delivers the paper to her house.)

When I spoke to her about the possible danger of her generosity, she told me I acted highly nervous and offered me some tranquilizers. Can I do something about her? CONCERNED

ABIGAIL VAN BUREN

DEAR CONCERNED: Tell this frustrated female "pharmacist" that even a doctor would not prescribe pills until he has examined the patient. Then warn the little victims who might be too timid to refuse.

CONFIDENTIAL TO HENRY: Perhaps the Roman philosopher

JayCees Prep School Bond Drive Here

Promotion Campaign Heads Project List For Service Group

Promotional work on the forthcoming school bond issue heads a list of six projects marked as prospective fall activities for the Junior Chamber of Commerce.

JayCee officials plan to launch the organization's fall activities with such possible projects as:

- A COMMITTEE for the Oct. 13 school bond issue.
- A committee for more parks and recreation activities.
- "My True Security," a state and national JayCee project.
- Community development survey.
- State project to assist mentally retarded children.
- The Youth Fitness Junior Champ project.

THE JAYCEE BOARD of Directors is currently seeking chairmen to head the various projects. To point up the forthcoming, \$4,160,000 bond election, Program Chairman John West has arranged for a speaker to discuss the bond issue at the Sept. 24 meeting.

SUGGESTIONS ARE also being considered for JayCee fund-raising programs, including the Wishing Well scholarship, handled by Dave Fisher; the JayCee streak fry, under study by Ross Dille. Also a public summer luau, suggested by Dille and Ted Land; an air show, fostered by Bill Foster, and Christmas Tree sales, guided by Joe Smith.

GOLF

From Page 1. MORE ABOUT—
acquisition of the course last July —was more optimistic.

"Municipal golf courses have always shown a profit," he said, "and although we may not do so in the first six months, we'll make money with ours. The green fees that were set up Tuesday night was the start of a program. Maybe they will have to be changed. But it is a start and adjustments can be made if it is found necessary."

"I look at it this way," said Wolf. "If the course belongs to the people, then the people of Palm Springs should get behind it and support it."

COUNCILWOMAN Mary Carlin Tuesday night asked Mayor Frank Bogert to restate his thinking on the plan of who should be able to play on the golf course. At Monday's conference session he had told the council that it was his thought that the course was "for visitors—tourists mostly."

Bogert restated his opinion that the course was to play an important part in the recreational activities of visitors to the Winter Golf Capital of the World.

"I did not say the local people could not play on it," Bogert added. "I think the greens fees should be raised for weekdays because that is when visitors will be playing and local residents working."

was correct when he said, "Men do not care how nobly they live, but how long." It is within the power of every man to live "nobly"—but within no man's power to live long. Think it over.

ONLY HOURS FROM DEATH, battered Palm Springs sports fisherman Albert Moser is loaded aboard an Air Force helicopter (inset) near the inaccessible Sky Blue Waters Lake. This aerial view was snapped by forest rangers in a light plane that guided a rescue pack team and a physician into the isolated mountain area where Moser and two other Villagers had camped for a summer fishing expedition.

MORE ABOUT from Page 1—

BURRO TRIP

kidney," he added.

The mule continued her wild flight because, Moser theorized, "animals get panicky when someone's messing around behind them."

"I know," he pointed out, smiling wryly. "I was a cowboy too many years."

WHIPPED BETWEEN trees and battered by rocks, Moser vainly shouted for help.

"Don't think you don't ask for help," he said, rubbing his sore shoulder. "All I could think of was that this is a helluva place for a man to die alone."

But the mule finally stopped, his chest heaving from the nightmare ride as Moser stumbled blindly to his feet.

"Blood was pouring down into my eyes and I thought every bone in my body was broken," he recounted, grimacing.

"I don't know why he stopped," Moser added. "I guess I got pretty heavy on him."

MOSER STAGGERED over to a tree some 20 feet away — "it seemed like a mile"—tied up the mule and made his way back to camp. He reached his tent two hours later.

Rauber and Nimsic were still out in the forest, chasing the other two pack animals in the team. They had also slipped their ties and stayed away earlier that morning.

Moser wrapped himself in a long coat and quietly collapsed.

His two companions returned soon after.

"Spence came in first," Moser recalled. "I told him I was hurt and he really started hollering for Tom. They really saved my life."

NO ONE KNEW how bad Moser was injured, but Nimsic stayed up all night, packing Moser with heated rocks and filling him up with "pills and water" when "the fever hit me."

Meanwhile, Rauber hiked out for help. He returned with a vacationing doctor and a party of forest rangers. The rescue party was guided into the virtually unmapped area by walkie-talkie broadcasts from a forest service plane.

"They were all prepared to carry me 15 miles back to a landing strip," Moser said "but the doctor (Dr. Robert D. Karstadt, of Porterville) said I was too badly injured to be carried."

SO THE AIR FORCE buzzed in with a helicopter.

"They didn't know if it would work," Moser noted. "They'd never used a 'copter at such high altitude before."

Stripped of all non-essential equipment, the chopper lifted its burden a foot off the ground and picked up altitude by skimming the downslope side of the valley.

Moser was whisked to a clear field and transferred to a light plane that shuttled him to a hospital at Visalia.

Steel Firms, Union in New Parley Meet

Observers Predict 'Little Effect' on Strike Impasse

See Story on Page 12
NEW YORK (UPI) — Union and management teams from each of 12 strikebound steel companies opened negotiations on local issues today, but their work is expected to have little effect on the steel strike impasse.

The auxiliary contract talks at the company level were begun at a midtown hotel this morning as the result of a plan adopted last week by the United Steelworkers Union and the companies to expand their negotiations.

THE NEW negotiating teams were expected to make little progress as long as the union and the companies refuse to budge from their entrenched positions at the national negotiating level.

Even President Eisenhower's plea on Tuesday for an end to "half-hearted bargaining" failed to change the static strike picture.

THE CHIEF EXECUTIVE officers of the big 12 steel firms sent a telegram to Eisenhower Wednesday night in which they blamed the union's refusal to accept two industry principles for the deadlock in negotiations. They said the principles were industry's battle to stop inflation and to operate on a more efficient basis.

"While paying lip service to the desirability of retarding inflation, they (the union) have repeatedly demonstrated a firm belief that inflation is a healthy ingredient of our economy," the message said.

A tornado is born when cool, dry air blows in over warm moist air. The cool air descends while the warm air rises. The collision causes the rotary storm.

Air Pollution Report Given For August

Riverside, Corona, Mira Loma Mark Greatest Amounts

All the ingredients for successful air pollution warfare through four principal Riverside County areas for periods ranging from four to 13 days last month, county officials said today.

Oxides of nitrogen and carbon monoxide reached air contaminant concentration levels, for varying periods in Riverside City, Corona, Mira Loma and the San Geronimo Pass area, it was reported.

SUCH CONDITIONS are generally labeled as "smog" in the metropolitan area to the west of the county.

But, County Air Pollution Control District agents said the August contaminant levels in the county were "very low when compared with the average values reported for Los Angeles County."

AIR MONITORING stations in the four areas showed that oxidants passed the contamination point for 13 days in Riverside, four days in Corona and 10 days in Mira Loma.

The oxidant recorder in Beaumont was inoperative for several days last month, so the total contamination period was not measured. But a peak oxidant reading of .35 was registered by monitors which base contamination levels on an oxidant reading of .20.

Officials said that means 20 parts of oxidant for each million parts of air.

LEVELS BEYOND this point indicate that air pollution is at the stage where it causes eye irritation, reduced visibility and crop damage.

Integration Isn't Realistic Solution, Says Negro Prof.

LOS ANGELES AP—A Negro professor and former minister has declared that integration was an impossible goal.

Clenon King, who moved here after he was unsuccessful in his attempt to enroll at the University of Mississippi, said he didn't think the National Association for the Advancement of Colored People was the answer to the Negroes' problem.

"The NAACP is not the answer," King said. "I'm alone in consistently saying that the NAACP is not the answer to our problem. The highest and biggest thing in their program is integration. This is an impossible goal."

"Our problem is not so much to get others to accept us as to get us to accept ourselves. We represent a distinct group — a distinct cultural group."

80,300 Attend

Redlands Bowl Season Popular

REDLANDS — Mrs. George Emmett Mullen, Redlands Community Music Association founder-president, reports that Redlands Bowl's 36th season brought a total of 80,300 — including many Palm Springs — for its series of 20 summer programs.

This is an all-time record, says Mrs. Mullen, despite two nights of unusually cold weather and three very warm evenings, one of which saw a nearby forest fire.

THE 3,000 SEATS were filled to capacity or had overflow crowds of 1,000 to 2,000 on 10 occasions. "This is certainly an indication that many people want to hear music for music's sake, without a spectacle involved," Mrs. Mullen

Leon McIntyre Returns to Area

Leon McIntyre, Safeway store manager at Indio for many years who was promoted to the Los Angeles area as a district manager last year, has returned to the Riverside area as district manager.

He will be in charge of stores operating in Palm Springs, Rancho Mirage, Indio, Coachella, Ontario, Pomona, Corona, Blythe, Hemet, Arlington, Banning, Upland and Riverside.

Il Destino

'WILD HORSE ANNIE' WINS FIGHT, WILD HORSE BILL SIGNED

WASHINGTON — UPI — "Wild Horse Annie" has won her fight. President Eisenhower signed into law this week a bill making it a federal offense to hunt wild horses on public lands or ranges from an airplane or a motor vehicle.

His action marked the end of a long fight led by Mrs. Velma B. Johnson, Wadsworth, Nev., who charged that wild horses faced extinction because they were being slaughtered for pet food.

Mrs. Johnston's efforts to get Congress to keep mustangs from going to the dogs gained her the nickname of "Wild Horse Annie."

Ingrid, Roberto Compromise on Custody Fight

ROME AP—Ingrid Bergman agreed that Roberto Rossellini could keep the three children of their broken marriage for another month. Rossellini, in turn, promised to turn them over to her on Oct. 8.

The compromise agreement was worked out in a stormy two and one-half hour session between the two in a court office during which Miss Bergman coolly addressed her former husband as "Mr. Rossellini."

COURT SOURCES said this got under Rossellini's skin so much that at one point he lost his temper and snapped at her: "Stop it. Call me Roberto."

The temporary agreement left unaffected the question of who will get final custody of the children, Robertino, 9, and the twins, Isabella and Isotta, 7.

THE ISSUE of permanent custody will come up in a Rome court at a later date.

Rossellini has appealed for reversal of a court order which granted Miss Bergman temporary custody of the youngsters, with the stipulation that they should be allowed to spend two months each year with their father.

Art Exhibition Set at Museum

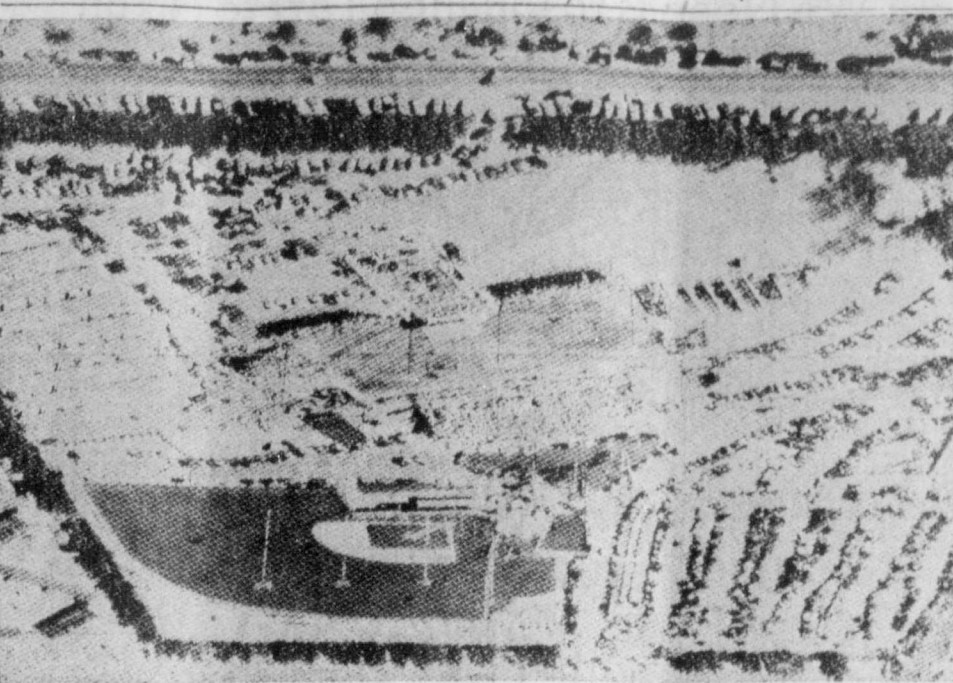

LOS ANGELES — Four Southland artists and America's leading printmakers will be featured at two exhibitions opening at the Los Angeles County Museum next Wednesday. Forty oil paintings by "Four Abstract Classicists" and 62 prints by 55 American artists will be on view through Oct. 18, following a Museum Association reception and preview on Tuesday evening (Sept. 15).

The artists spotlighted in the exhibition of "Four Abstract Classicists" are Karl Benjamin of Claremont, Lorser Feitelson and Frederick Hammersley of Los Angeles, and John McLaughlin of Dana Point.

Organized at the Los Angeles County Museum by the well known art authority Jules Langsner, the show will be seen only in San Francisco and Los Angeles.

Thursday, Sept. 10, 1959

The Desert Sun 3

A TRAILER DWELLER'S MECCA—that's the Palm Springs in October. The Palm Springs Polo Grounds, pictured in an aerial view here, will be headquarters for the ninth annual Palm Springs Trailer Rally, combined this year with the Sportsman's Show. Hundreds of visiting trailers and thousands of mobile home fans and outdoorsmen are expected to pour into the Village when the show gets under way. This year's rally runs Oct. 23, 24 and 25. The rally is sponsored by Palm Springs Trailer Parks, Inc., comprised of 28 resort area trailer parks.

SPORTSMEN SHOW SET FOR RALLY

Palm Springs becomes a mecca for sportsmen and trailerites alike next month when the ninth annual Palm Springs Trailer Rally gets under way at the Polo Grounds.

This year's edition of the nationally famed rally is combined with the annual Sportsman's Show, in addition to the traditional Mobile Home and Travel Trailer show.

They'll run concurrently Oct. 23, 24 and 25.

IN ADDITION TO the more than 60,000 trailer fans expected to turn out for the rally, the Sportsman's Show is rated a sure bet to draw thousands of outdoorsmen to its vast sports exhibit.

Rally Director Paul Harrison said today that several hundred feet of display space has already been reserved by manufacturers and dealers in boats, fishing tackle, guns and various other types of equipment designed for the sportsman and woman.

Many innovations in travel trailer and mobile home living are also expected to be placed on display for the big Trailer Show, Harrison said.

ENTERTAINMENT FILLS A big part of the trailer rally program. The rally committee promises plenty of "top professional entertainment" along with the big, traditional chuckwagon breakfast catered by Jack Boyer.

Fashion shows, desert tours, arts and crafts exhibits and the award of valuable prizes to rally goers rounds out the three-day rally program.

Top prize awards include the grand prize — an 18-foot Jewel Trailer — and a 12-foot Skagit boat as second grand prize.

HARRISON ALSO promised that "parking facilities will be equal

Highway User Tax Apportioned

SACRAMENTO — August apportionment of highway users taxes totaled \$30,345,880, State Controller Alan Cranston reported today.

Cranston said the total was divided among the State, counties and cities in the following proportions:

—\$20,700,628 to the State Highway Fund for expenditure on highways.

—\$6,954,564 to the counties.

—\$2,690,688 to the State Highway Fund for cities.

Of the nearly \$7 million which was allocated to the counties, this county's share was \$153,882.73, Cranston said.

Bucklew Ends Marine Training

Michael E. Bucklew, son of Mrs. Mary A. Clark of 1610 Via Entrada, has completed six weeks of intensive training with the Marine Corps Platoon Leader Program at Quantico, Va.

This was an annual summer training program for college students.

Ladies of Moose Slate 'Shipwreck' Dance Saturday

The annual "Shipwreck Dance," sponsored by the Women of the Moose here, will be held from 9 p. m. - 1 a. m., Saturday, in Moose Hall near Silver Top Apartments.

The event is an annual presentation of the Village chapter of the Loyal Order of Moose.

Included in the Saturday fete will be a special judging of costumes — everyone is to appear in "shipwreck" garb — with prizes to be awarded. Music will be provided by the Royal Lanters, a band which recently concluded a lengthy engagement in Reno's Mapes Hotel.

An additional event, an 8:30 a. m. Sunday breakfast — which will last until noon — will count "survivors" of the "shipwreck" event.

TWO TEACHERS NOT PICTURED IN SUN

In addition to the 22 teachers pictured in today's Desert Sun, there are two for whom no pictures were available at press time. They are Mrs. Idelle Thorpe, who is assigned to first and second grades at Frances Stevens School, and Richard G. Bishop, who will teach sixth grade at Cahulla School.

Mrs. Thorpe formerly taught at San Diego, Arcadia and Temple City Schools. She received her Bachelor of Music degree at Redlands University and has graduate credits in education at USC. She is married and has one son.

Bishop previously taught sixth grade in Baltimore, Ohio, where he also coached all junior high school sports. He's a bachelor, majored in education at Ohio State University, and has a Bachelor of Arts degree from Otterbein College.

Caddies Picket

BRATTLEBORO, Vt. (UPI) — Nine young caddies picketed the country club here seeking a straight fee of one dollar for each nine holes. They were getting 75 cents for the first nine and 50 cents for the second.

REDDY KILOWATT'S 11 RULES

for LOWER COST ELECTRIC cooling!

1. Keep windows and doors shut and close off unused areas.
2. Shade windows from direct sunlight with outside blinds, awnings, louvers, etc.
3. Weatherstrip doors and windows.
4. Use light-colored exterior walls and roofing material.
5. INSIST on adequate wall and ceiling insulation when buying or building.
6. When home, set your thermostat at 80 degrees and leave it there. (You can expect increased cooling cost for each degree you set the thermostat below 80 in very hot weather.)
7. Keep filters clean. Check once a month.
8. Use kitchen exhaust fan to put steam and heat from cooking outdoors. (Especially important if your range isn't electric.)
9. Use attic exhaust fan to reduce by 25% the amount of heat that comes through the ceiling into your home.
10. Have qualified expert check your cooling equipment annually.
11. Pick the right size of electric cooling unit for your home. (Contact a qualified dealer.)

Dear Boss:

I'm anxious for you to get top satisfaction and economy out of your electric cooling equipment. My 11 rules provide you with the key.

—Reddy

CALIFORNIA ELECTRIC POWER COMPANY

Takes Trailer Trip Cross Country

Writing from Wichita, Kansas, Volle Tripp, well-known in trailer circles in Palm Springs, describes an interesting summer trip that started out in the Pacific Northwest and is taking them across the continent.

"Dear Fellow Palm Springers: We left the fabulous Northwest, with its oysters, fish, wild blackberries, and cool days, a month ago. Our route led us through Pasco, Washington, via Baker and Pendleton, Oregon, places we had not yet seen. Then to Boise, Idaho, and Salt Lake City. On this route, south of Pasco, we passed through very productive farming country, with thousands of acres of grapes, probably Concord, and other fruit, covering the gently rolling hills.

Boise, once a favorite town, has gone "plumb modern," with a mess of one way streets. For

years, Boise stoutly resisted industry, and was a most desirable town to live in. Now she wants industry, any kind, it seems. She will get it — and probably rue it.

"Salt Lake remains pretty much the same, but is growing fast. We stayed at National Trailer Park, which compares quite well with our best. On some of this way the road was good. In other sections, the less said the better. North of Salt Lake, near the Idaho border, they're building new road, but the detours are rough and dusty.

"From Salt Lake we went into Wyoming, to avoid the high passes into Colorado. Wyoming's roads, as well as her trailer parks, could stand improving. I had to take a chance once, passing a slow-moving truck, on a long steep hill, but met no trouble. Our destination was Loveland, Colorado.

"This is truly a lovely little city, some 20 miles east of Estes Park. The streets are lined with beautiful trees, and fine homes. Very rich attractive country, with a rather above average type of citizen, I should imagine. We stayed several days, wanted to stay longer.

"We went then to Colorado Springs, staying one night, thence to Dodge City, Kansas, once a rip-roaring cow town. Here the famed law man, Wyatt Earp, first won recognition, before he tamed Tombstone. Dodge City features her "Boot Hill" cemetery, and other mementoes of a wild past.

"Now we are in Wichita, Kansas, helping Hazel's sister move into town. Weather has been plenty hot, and sticky, but clouds now and then offer relief.

"Do you know Kansas has become tourist conscious with the C. of C. actively promoting "tourism"? Really the state has more in the way of natural and historical attractions than one would imagine, with some real "scenery" in the Flint Hills country.

"Of course we continued to show our slides, pass out literature, and tell people about our "superlossal" desert city, at every opportunity. There is really no place even comparable to P. S. and I long for the time when we can return — to stay.

"We will leave here in a week or so, for Florida, for the winter. It is our plan to go to Europe next spring.

"I imagine preparations for the Rally are now in full swing. I have no doubt it will be a success, with a driving, able personality like Paul Harrison to direct it. I hope it will be.

Cordially yours,
VOLLIE TRIPP."

Leo Bakers and Levins Home Again

The Leo Bakers, owners of the Cantina, and the Robert Levins (manager of the Biltmore Hotel) are back home after a vacation spent together.

They attended the opening of "Porgy and Bess" in San Francisco at the Coronet Theatre which the Levin family own. After seeing San Francisco they motored to Carmel and Laguna Beach, spending a few days in each place before going on to Los Angeles to attend the gift show.

The Bakers report they have purchased some very unusual items for their store from all over the world, many of them collectors items.

Daughter's Engagement Announced

Mr. and Mrs. Emanuel Rothman of the Iron Tree Inn, have announced the engagement of their daughter Barbara to John Goldson, son of Mrs. Minna Goldson and the late Jack M. Goldson.

Photographer on Hawaiian Trip

Paul Pospesil is flying to Honolulu on business and expects to be away for two or three weeks. On his way home the local photographer will stop in San Francisco to take an intensive course in Eastman Kodak Company's new color process, which is regarded as the finest developed to date.

Pospesil, who spent the summer here on jury duty at Indio, said that he plans to specialize in color photography this winter.

Cauliflower will have a milder flavor if it is cooked uncovered in a moderate amount of water. For a stronger flavor, cook in a covered pan in a small amount of salted water.

Weekend Visitors Include Collegiate Delegate from Iran

Three classmates from California Polytech at Pomona were here as weekend guests of Cubby Parker Jr. at the home of his parents, Mr. and Mrs. Cub Parker at 4287 East Sunny Dunes Road.

One of them, Hassan Ghassari was a delegate to the Collegiate Council for the United Nations at Geneva, Switzerland in July. A native of Iran, he represented that country and was one of 28 delegates at the Council, which included four Americans. He came to this country five years ago and now lives in Sausalito.

The other two guests were Edward Washington and Jerry Mar-

to Dodge City, Kansas, once a rip-roaring cow town. Here the famed law man, Wyatt Earp, first won recognition, before he tamed Tombstone. Dodge City features her "Boot Hill" cemetery, and other mementoes of a wild past.

"Now we are in Wichita, Kansas, helping Hazel's sister move into town. Weather has been plenty hot, and sticky, but clouds now and then offer relief.

Spends Summer in Alaska

Leona Victoria Smith of 277 North Calle Encelia, recently returned from an Alaskan trip, says that "Alaska in the summer and Palm Springs in the winter is an ideal combination."

The continuous beauty of snow-covered mountains and the deep green of the forests contrast sharply with the desert.

Commenting on her visit to the 49th state, Miss Smith said the U. S. - owned train to McKinley Park from Anchorage, and then down to Fairbanks was like a Disneyland trip. Air travel is usual up north and every morning in Fairbanks found passengers taking the airport taxi flying all over Alaska as calmly as Gothamites board a subway. Miss Smith received three certificates for crossing the Arctic Circle to Fort Yukon and back, to Point Barrow and back, and to Kotzebue and Nome.

In one day she flew east to Fort Yukon where she saw the

Athabaskan Indians tanning moose hide, doing bead work, bringing in a load of nine big salmon from the fishing wheel, then headed back to Fairbanks for lunch. That afternoon she flew in the beautiful new jet F-137A to Kotzebue; stayed two hours, and then flew to Nome where she dined in a glass-enclosed dining room out over the Bering Sea, where diners watched the big boat unloading cargo and the menu offered reindeer steak, fresh salmon and African lobster.

After a day of sightseeing in Nome, she returned to Fairbanks and started on another flight, this time to Point Barrow "way up as close to the North Pole as we could go." Flying out over the Arctic Ocean, the plane circled the monument to Will Rogers and Wiley Post, then back 15 miles to our airport.

The hotels were crowded and the excellent food was served by Eskimo girls, she said. Entertainment here included a launch ride on the Arctic Ocean, and watching the Eskimos, blanket-tossing and dancing, and shooting pictures in the light of the Midnight Sun.

Miss Smith found the glaciers very impressive and said that the snow-capped mountains "made San Jacinto in summer look like an orphan child."

Having seen the Mendenhall Glacier years ago, Miss Smith was amazed to note how it has melted back.

In Anchorage, a city of 70,000,

the Villager was interviewed by the Anchorage Times and was entertained by the editor's wife, Mrs. Atwood, who was here at the Oasis for a stay last spring.

Alaska is teeming with young people seeking their fortunes, Miss Smith reports, and it is said fifty per cent of them are averaging \$9,000 a year. Several told her that they want to get rich and move to Palm Springs.

She found Alaska a thrilling and inspiring country with a lesson for the Village and thinks there is need here for more parking for airplanes, more airports for jets, more training for flyers.

Her visit to the north country has made her snow conscious too, and she said that the tramway would help (to draw people here) and "get us up to the mountain snow which we forget we have."

The Desert Sun 7

TAMARISK COUNTRY CLUB—from a barren, rocky desert to a \$3,000,000 investment which attracts golfers from around the country. The course was started by a group of men—John Wood, Ben Shear-

er, M. O. Anderson, Edward Small, Edward Silverman, and Dr. Alfred Strauss—after they got together and discussed the need for another course in Palm Springs. (Desert Sun Photo).

"WINTER GOLF CAPITAL OF THE WORLD"

(This is the third in a series of articles on Palm Springs area golf courses. Written, compiled and edited by The Desert Sun sports staff, the articles are dedicated to a better understanding of the golf facilities in the Winter Golf Capital of the World.—Editor.)

By FRED C. WEIGEL

A small group of men, each with a personnel grudge against a local golf club, and each with ideas of an even greater golf facility than those then in existence, formed together to turn a barren, rocky desert landscape into what today is the beautiful Tamarisk Country Club.

Built on 145 acres, the 18-hole, par 72 course is lined with 75 beautiful private homes built along the fairways on an additional 85 acres.

THE PRIVATE CLUB, which today is an estimated \$3,000,000 development, is headed by a Board of Directors and managed by tall, affable Harry J. Drewery, 35, who has guided the golf course during the past five years.

This year a few changes were made in the course during the summer months, including the installation of electric water fountains, enlargement of golf cart paths, new equipment sheds, and the building of a complete new kitchen, but the major changes in the course were made last year.

Rebuilding of new locker rooms, showers, massage rooms, and barber shop were all included in last year's building program.

THIS SUMMER, Paul Addressi, greens superintendent, his assistant, Ed Curlin, and 16 maintenance men worked on the turf and planted a total of 300 new trees along the fairways.

Controlling the affairs of the club are 20 men who make up the Board of Directors. These men are: Louis E. Golan, president; Nathan M. Orbach, vice president; Charles D. Farrell, vice president; Louis Helper, vice president; Martin Gendel, secretary; Asher Levy, treasurer, and John Connors, assistant treasurer.

The directors are: M. O. Anderson, Joseph Blumenfeld, Clarence Brown, Charles Hansen, David Holub, Kay Kershadian, Louis Kass, Willard Keith, Raymond E. Lee, Sol Lasser, Edwin H. Morris, Benjamin F. Shearer, and Edward Small.

AND THE FUTURE looks bright for Tamarisk Country Club, with plans now in the hopper for a new development.

Planned for the next year is a several hundred thousand dollar housing and apartment development surrounding the club. Already planned is a 100 apartment project, 30 homes, three tennis courts and swimming pools.

Construction on the new addition is expected to get underway next year.

HOME OWNERS in the new project will have an opportunity to become members of Tamarisk. Present Tamarisk home owners include such well-known person-

HARRY J. DREWERY, manager of Tamarisk, goes over planting plans with Paul Addressi, greens superintendent, as the course is made ready for its official opening in October. Addressi is recognized as the foremost authority in the planting of fairways and greens in the desert area and has acted as a consultant in most of the areas golf clubs. (Desert Sun Photo).

ties as the Marx Brothers, Frank Sinatra, Danny Thomas and Peter Lawford (who is just about to start his home), and a total of 30 homes belong to business leaders and professional people.

In the center of Tamarisk Golf links is the only lake which is built to serve three purposes. Its a beauty attraction; it serves as an irrigation reservoir; and it is equipped so that chemicals can be added to the water to fertilize the course in a single operation.

A COMPARATIVE new idea, the greens superintendent can do the job of fertilizing the greens and fairways within hours instead of days — in fact the entire course can be completed in five hours, where hand spreaders or machinery will take closer to three or four days.

Other features of Tamarisk Country Club include a complete dining room (newly refurbished), a cocktail lounge, putting green, driving range and a complete pro shop.

Personnel who handle the members of the club and their guests include: Golf Professional Ellis Turzian, Shirley Spork, Angel de la Torre, Ace Creel, Herb Williams, and Bill Lane; Chef Tiny Olivastro; dining room hostess Gladys Metz; bar manager Jim Metz; and golf course superintendent Paul Addressi.

TAMARISK HAS A fat list of major tournaments booked for the coming season, and the first will be the Coachella Valley Amateur

LOUIS GOLAN, president of Tamarisk Country Club is pictured with Ed Richards, president of the Tamarisk Home Owners Association at recent awards dinner at the club. Golan is chairman of the Board of Directors, and each year an election of officers is held by the membership.

On Oct. 24 and 25, On Nov. 18 they will host the second day of the annual Desert Senior, and will also have the Palm Springs Senior play along with Thunderbird and O'Donnell, on Jan. 12-14. On Feb. 19-21, they will host the annual member-guest, and in April they will hold their big local tournament of the year—Tamarisk Pro-Member.

Indians Gain on Sox in American League Race

Not Dead Yet Says Gordon In Twin Win

No Change in NL Race As Top Trio Register Victories

By MILTON RICHMAN
United Press International
Never say die because that Cleveland club everyone said was dead is beginning to show signs of life.

"Who says we're dead?" snaps manager Joe Gordon. "I certainly don't feel that way."

Apparently, neither do veteran Jack Harshman and rookie Jim Perry. Each turned in a fancy five-hit effort in a 3-2 and 4-1 twin-

night sweep over the Orioles Wednesday night that ran the Indians latest winning streak to six games and boosted them, within 4 1/2 games of first place.

THE INDIANS won the opener in the ninth inning when center-fielder Willie Tasby played George Strickland's single into a base-circling "home" for a three-base error. In the nightcap, Rocky Colavito's sixth-inning double scored Minnie Minoso and broke a 1-1 tie. Cleveland added two more insurance runs off loser Skinny Brown in the seventh.

The first-place White Sox won their 11th straight from the Senators, 5-1; the Tigers downed the Red Sox, 3-1, and the Yankees handed the Athletics their 12th straight loss, 4-0.

THE STATUS QUO was maintained in the National League where each of the top three contenders won. First-place San Francisco stayed three games in front with a 7-2 victory over Pittsburgh; Los Angeles nipped Philadelphia, 1-0, and Milwaukee topped St. Louis, 5-3. Cincinnati swept a double-header from Chicago, 4-2, in 10 innings and 7-2 in a five-inning nightcap called because of darkness.

WILLIE MAYES cracked his 27th home run and scored three of the Giants' seven runs against the slumping Pirates, who lost their seventh game in the last eight starts.

Don Drysdale ended a month-long slump and a personal six-game losing streak when he pitched the Dodgers to their victory over the Phillies. Drysdale struck out 11 and yielded three hits en route to his 16th victory. Bobby Avila's grand-slam homer in the ninth inning sank Ernie Broglio of the Cardinals and brought Milwaukee's southpaw Warren Spahn his 19th victory.

Steelers Get Back in NFL Title Picture

Sign Brewster to Bolster Threat in Passing Attack

United Press International
A budding Bobby Lane, Pete Brewster passing combination has suddenly made the Pittsburgh Steelers look like a top contender in the National Football League.

Brewster, who had announced his retirement at the end of the 1958 season, was acquired from the Cleveland Browns Wednesday in exchange for an undisclosed draft choice.

The former Purdue ace had been a standout end for the Browns during his seven-year tenure with Cleveland, leading the club in pass receiving in his last four seasons.

STEELER PRESIDENT Art Rooney said after the announcement, "We had agreed to terms over the telephone and Pete's satisfied. But he must talk over the situation with his partner in a sporting goods store to make arrangements about being away. If all works out with his partner, Pete will join the team Sunday."

Pittsburgh, which has lost three straight exhibition games since the opening win over Cleveland, has needed offensive end material since the injuries of Jim Orr and Jack McClairn and the Steelers hope Brewster will fill the void.

THE GREEN BAY PACKERS, with no new injuries for a change, staged an hour and a half workout in Greensboro, N. C., for Saturday's nationally televised game with the Washington Redskins at Winston-Salem.

Coach Webb Ewbank of the world champion Baltimore Colts has placed offensive halfback Curly Johnson on the waiver list. The former University of Houston failed to make the New York Giants' team last year because of injuries.

Villagers Take in Sports Car Race

SANTA BARBARA — A delegation of Palm Springs sports car enthusiasts were on hand here Sunday for the 12th Annual Santa Barbara Road Races in which Ken Miles roared to victory in the over 20,000 cc. "main event."

ONLY TROUBLE IS— RIGHT NOW THERE IS NO GRID TEAM

If Palm Springs had a boy's football team, the squad would be in line for a trip to Hawaii—and the Annual Pop Warner Kikimaka Bowl game on Dec. 27. Bowl officials yesterday invited Palm Springs to send its "Pop Warner team to this bowl game — one of the highlights of the year's grid menu in the islands."

Last year the La Mirada Knights, a Los Angeles area team, made the trip and although they were defeated by the Hawaiian youngsters, the game and the trip were thought "plenty of compensation" by the team.

Round Table to Seek Six More Before Retiring

ATLANTIC CITY, N. J. UPI — Owner Travis Kerr has selected a rigid program of six \$100,000 races for Round Table before history's greatest Thoroughbred money winner retires to stud next spring.

Round Table, who has earned \$1,614,539 during a brilliant racing career, begins the Kerr Stable itinerary with the invitational United Nations Handicap at the Atlantic City track on Sept. 19. He will carry 136 pounds in the race, the highest race of his career.

The five-year-old son of Princequillo is then scheduled to race in the Woodward at Aqueduct on Sept. 26; the Hawthorne Gold Cup at Hawthorne Park, Oct. 17; the Man O'War Handicap at Aqueduct, Oct. 24; the Jockey Club Gold Cup at Aqueduct, Oct. 31, and the Washington, D. C. International at Laurel on Nov. 11.

Kerr, an Oklahoma City oilman, said Wednesday that he realized Round Table was in for a rough program this fall, but has decided to let the bay colt act as his own barometer "by letting us know how he feels."

Round Table, who may be up for syndication by the Kerr family, has already earned \$205,400 this year.

Brown Plans To Stick With Lightweights

Wins Over Kerwin By TKO in Fourth In Non-Title Bout

COLUMBUS, Ohio UPI — Lightweight champion Joe Brown, who once thought of stepping up a division, said today he is satisfied to stay in the 135-pound class "even though I may be running out of opponents."

The hard-hitting champion Wednesday night scored a fourth round technical knockout over Canadian welterweight champion Gale Kerwin in a nationally televised, non-title 10-rounder.

"I'VE BEEN MAKING the lightweight limit easy," Brown said, "even though I was overweight last night." Brown weighed in at 140 for the Kerwin fight.

"I've just about run out of opponents by fighting so much," Brown said, "although the NBA-National Boxing Assn. — will keep 10 fighters up there for me."

Brown bore no marks of his battle with Kerwin, which referee Jack Dempsey stopped at 1:50 in the fourth with the Canadian bleeding from a severe cut over his left eye. It was the second time in his 40 professional bouts that erwin, who has been sidelined for almost a year due to a severe case of anemia, had been stopped by a cut.

THE 33-YEAR-OLD champion knocked Kerwin down in the second round for a seven-count with a left-right combination which he has been working perfectly for him in his last three fights. Each fighter got 4,000 of the television money with Brown getting 30 per cent of the gate and Kerwin getting 25 per cent. Attendance was 3,182 paid.

The bout was staged by the Columbus Dispatch Ohio State Journal Charities with all proceeds, after expenses, going to charity. A two-match wrestling show was also staged with former heavyweight champion Jersey Joe Walcott refereeing.

WILL CHEMICAL STOCKS CONTINUE TO RISE?

"Yes" says Shearson, Hammill and picks 12 best prospects for '59-'60 Capital Gains

Nearly a year ago, Shearson predicted higher prices for certain chemical stocks — and told investors why this should happen. The market has confirmed these predictions.

Now there is every indication that the upsurge in chemicals will continue in the fourth quarter and extend well into next year. The industry is spending almost a billion dollars annually on new product research — and much of it is already starting to pay out handsomely. Profit margins are widening because of higher volume, firm prices, and benefits of earlier cost-cutting programs. Earnings thus far in 1959 are excellent, up 25% to 100% from year ago figures.

With a continuing bright earnings outlook, there should be good dividend news ahead. Shearson forecasts the possibility of a number of stock splits among chemical shares, as well as many increases in cash dividend rates. Add to this the fact that over the years the chemical industry has shown a growth rate which has been almost twice that of industry in general — and this pattern is expected to continue.

Shearson believes that many solid stocks in this growth industry are still available at very attractive prices. Would you like to read a report which names 12 chemical stocks that Shearson believes are the best investment prospects at this time? Four of these companies are industry giants whose stocks appear especially attractive in view of recent market reactions. Others are manufacturers of specialized products with strong possibilities for growth that have not yet been "discovered" by most investors. Several are frankly speculative. All are worth your careful consideration.

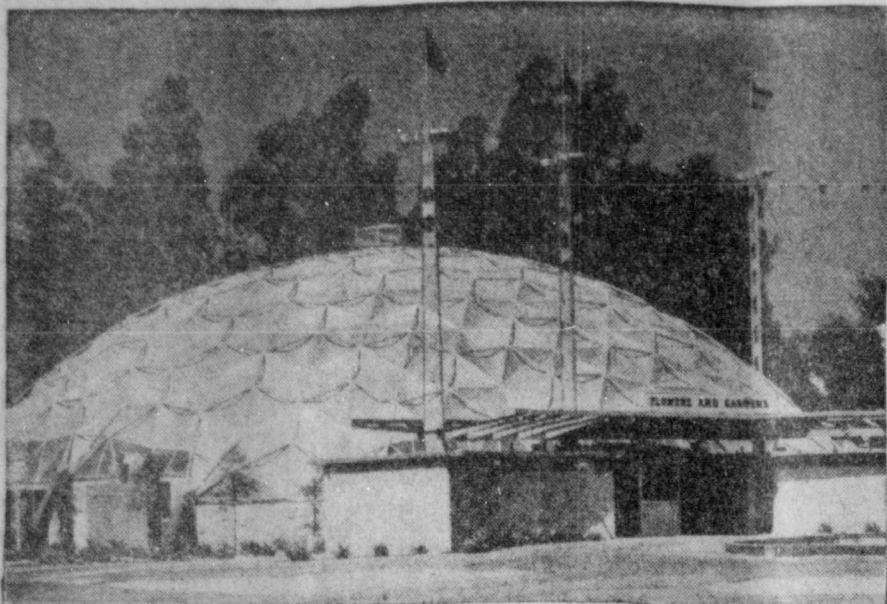

We'll mail this report to you if you will simply fill out and send in the coupon below. There is no obligation of any kind.

President Hits Housing Bill In New Veto

Charges New Bill Still 'Objectionable' In Many Respects

WASHINGTON — (UPI) — President Eisenhower has vetoed the public works bill for the second time.

Eisenhower in a message to the House said the second version of the public works measure failed to meet the objections which led to his rejection of the original bill Aug. 28.

THE PRESIDENT acted shortly after the new \$1,185,309,093 measure arrived at the White House from Congress.

Eisenhower suggested that Congress might enact a continuing resolution effective until Jan. 31, 1960, so that work and progress might continue.

Before the President acted today, House Democratic leaders announced that if he turned down the measure an effort to override him would be the first order of business today.

THE MEASURE, WHICH swept through the House and Senate Tuesday by big margins, carried funds for all of the 67 projects which prompted Eisenhower to veto the first measure. It trimmed all projects, however, by 2½ per cent.

There was little doubt that supporters of the new bill could muster enough votes to override a veto.

THE HOUSE A WEEK ago came within one vote of overriding a veto of the first bill.

Since then, some Republicans who supported the President on the first veto have said privately they will not do so a second time on the public works bill.

Venus Landing Proposed in 1964

PASADENA — (UPI) — A 12-point space program to be climaxed in 1964 with a soft landing on Venus has been proposed to the National Aeronautics and Space Administration (NASA), the magazine Western Aviation reported today.

The proposal was made by the Jet Propulsion Laboratory of the California Institute of Technology, the magazine said. The laboratory has been instrumental in the United States' space program and helped develop the nation's first satellite, Explorer I.

NASA has the program under consideration, according to the magazine.

SUNAIR

Mr. and Mrs. Robert Hollister, of Clark Hollister Real Estate, and Tommy, Susan and Randy, returned last Thursday from Lake Conneaut, Pa., where they spend the summers. Houseguests this week at the Hollister home are Mr. and Mrs. John Rousseau and children, Joyce, Janine and twins John and Agnes. The Rousseaus are enroute to their new home in West Covina from their former home in Harrisburg, Pa.

Mr. and Mrs. Saul Louis and daughter, Linda, spent the holiday weekend in Los Angeles visiting with friends and relatives. They made their home in Los Angeles before moving to the desert where Louis is general manager of Palm Springs Imports.

John Bedford, seaman on the USS Blue, who just returned after five months in the West Pacific with the 7th Fleet, is enjoying a 30-day leave at the home of his parents, Mr. and Mrs. Robert Bedford, of Beauty by Bedford in the Sunair Center Building.

Mr. and Mrs. Carl (Euleata) Jackson, of Desert Tent and Awning, returned Tuesday evening from a 10-day vacation in Fresno visiting with their families and friends.

Mr. and Mrs. J. T. Baker, owners of Palos Verdes Apartments, left Tuesday morning on a business trip to San Diego.

Sunday Mr. and Mrs. Harris

Johnson and daughter Cookie drove her daughter, Marsha Morris, to Escondido. Marsha started her second year at San Pasquel Academy this week.

Winter residents Mr. and Mrs. George Patrick are back at their Melrose Drive home after spending the four summer months in Puyallup and Tacoma, Wash. During the summer the Patricks and Mrs. Maude Griffith, who spends the summers in Puyallup, enjoyed a trailer trip to visit Mrs. Griffith's brothers in Oroville and in Republic, Ore., and visited with Patrick's aunt in Blalock, Ore.

Later in the summer, Mr. and Mrs. Patrick and Mrs. and Mrs. F. V. Daniels, Sunair winter residents, took their trailer on a trip around the Olympic Loop in Washington.

Among Labor Day weekend guests at the Sunair Terrace were Mr. and Mrs. Bob Johnston and children from Phoenix, Ariz., Mr. and Mrs. K. A. Gordon, frequent guests from Edwards Air Force Base, Mr. and Mrs. Roy Robert from Downey, Mr. and Mrs. Jack Campbell of Los Angeles, Mr. and Mrs. Graham Gaffney, also of Los Angeles, and friends Ted Fowler and Al Farrington of Laguna.

After a vacation of three months, Mrs. Ben Darnell returned to her Sunair home. She visited in Reno, Nev., Chico, Mt. Lassen and San Francisco and spent the five weeks in Long Beach. Darnell stayed in the desert.

"KISS ME HONEY, the stage coach is coming," could be the line Bob Sparks is reciting for Joan Cohn. Sparks plays a western scout and Miss Cohn portrays Nina, the daughter of Indian Chief SanGonya in the original musical comedy "The Stage Coach Game" programmed as part of Banning's Stage Coach Days celebration today, Friday and Saturday. The musical, which tells the story of the founding of Banning, is a feature attraction of the three-day program commemorating the city's 75th anniversary.

Stage Coming To Banning for 75th Anniversary

Special to The Desert Sun

BANNING — The stage comes to Banning today, and most every-day hereabouts will be on it for a three-day return trip to the past. Starting tonight, citizens here will re-enact the early story of Banning — from stage coach days to the creation of the original townsite.

IT'S ALL WRAPPED up in Banning's "Stage Coach Days" celebration, marking the 75th anniversary of the city that grew from a stagecoach stopover to a township in 1884.

The program starts tonight with a public dance on the stage of the Playhouse Bowl. But the big events are Saturday's western stage coach parade, at 10 a.m., and presentation of an original musical comedy Friday and Saturday nights.

THE MUSICAL, "The Stage Coach Came," features Joan Cohn, Bob Sparks and a cast of 50 in a dramatization of the founding of Banning, complete with singing cowboys and Indian maidens. It will be presented at 8 p.m. Friday and Saturday at the Playhouse Bowl in Repplier Park.

Tonight's dance also features prize awards for the best early-day costumes, covered wagon rides for children, displays and entertainment.

Hurricane Hits Baja California

SAN FRANCISCO — (UPI) — A hurricane that struck the small Baja California resort community of La Paz with 90-mile an hour winds diminished to the status of tropical storm today and moved northwestward along the Mexico coast.

The Weather Bureau here said the storm, with about 70-mile an hour winds near the center, was located 230 miles off the coast of Baja California, 20 miles offshore at 8 a.m. (p.d.t.). It was moving about nine miles an hour.

No injuries were reported in La Paz and the sparsely populated lower tip of Baja California battered by the storm, but a number of families were said to be homeless and La Paz streets were covered with debris.

Mr. and Mrs. Karl Gearhart and children, Philip and Mark, were here from their home in Malibu to spend the Labor Day weekend at the home of her parents, Dr. and Mrs. William Harrison.

Last week Linda, Vicki and

Cathedral City

By JEAN PATANE

Mr. and Mrs. Tony Janulus, of Anthony's Refrigeration, and son Tom returned Monday night from La Puente where they spent the holiday weekend. They were houseguests at the home of Mr. and Mrs. Merle Conaster and on Saturday Mr. and Mrs. Janulus, Tom and Mr. and Mrs. Conaster and their son, Ben, attended the football game at the Los Angeles Coliseum.

Over the holiday weekend, Mr. and Mrs. F. O. Carnahan and children, Susan and Dale, were in Las Vegas visiting with their parents, Mr. and Mrs. Edwin Carnahan. They enjoyed trips to Lake Mead and the Hoover Dam while in Nevada.

Mrs. Lena Knowlton and her grandson, Danny Knowlton, returned last week from Idyllwild where they spent six weeks. Danny's cousin, Dennis Buhner, who visited with them at Idyllwild and returned with them to their Cathedral Canyon Drive home, left Saturday for his home in Oxnard.

Linda Lake, daughter of Mr. and Mrs. Al Lake, of Lake Air Conditioning, accompanied her cousins, Mr. and Mrs. Everett Lake to San Jose and Napa to spend the Labor Day weekend visiting friends and relatives. The Everetts moved to Cathedral City six months ago.

For the holiday weekend, Mr. and Mrs. Berton Lamb and children, Lee and Janice, and their guests, Stanley DeGrucio and Nancy Cramer, returned Monday night from Del Mar where they spent the long weekend at the home of her parents, Mr. and Mrs. Harvey Isom.

Mr. and Mrs. Jim Swinnerton—he is the well known cartoonist and painter—were here from their home in Los Angeles to spend the Labor Day weekend at their desert home on Treasure Trail.

Recent houseguests at the home of Mr. and Mrs. Johnny Palmer, of Oasis Plumbing, were his son and daughter-in-law, John and Norma Palmer, and children, Lorraine and Mike, who were here for a week from their home in Seattle, Wash.

Elmer Colglazier returned Monday night from a flying trip to Emporia, Kans., to visit his mother, Mrs. Elizabeth Colglazier, who was seriously ill.

Mr. and Mrs. Karl Gearhart and children, Philip and Mark, were here from their home in Malibu to spend the Labor Day weekend at the home of her parents, Dr. and Mrs. William Harrison.

Last week Linda, Vicki and

Tommy Fortner visited at the home of their grandparents, Mr. and Mrs. Ray Fortner. Their parents, Mr. and Mrs. Charles Fortner, arrived Friday for the holiday weekend and with the children returned Monday night to their home in Baldwin Park. Houseguests of the Ray Fortners for the previous weekend were her niece, Mrs. Jack Clark, of Lancaster and her son, Karl Dennis Pium, who was on leave from the USS Rochester.

Vicki Diane Cochran returned to her Santa Rosa home by plane after a months visit at the home of her grandmother, Mrs. Olive Nickerson. They spent the holiday weekend at Corona Del Mar.

Mr. and Mrs. Ken Squires and daughters, Sharon and Shelley, who left Friday for Big Bear Lake for the Labor Day weekend, were joined on Sunday by friends from South Gate.

This week, Mr. and Mrs. William C. Boyd moved into the new home they built on Second Street. They are planning to have their new Satellite Apartments ready for occupancy the middle of October.

Mr. and Mrs. Walter Harding are back at their Cathedral Automatic Laundry. They returned last Thursday from a two-month trailer trip up the Oregon coast and into Washington.

Mr. and Mrs. Ralph Hammer and boys, Leonard, Monte, Douglas and Bradley, returned Monday night from Del Mar where they spent the long weekend at the home of her parents, Mr. and Mrs. Harvey Isom.

Jim Hagen, son of Mr. and Mrs. R. T. Hagen, celebrated his 11th birthday Sunday with a patio barbecue and swimming party at his home on Corregidor Drive. Enjoying the happy occasion climaxed with birthday cake and ice cream were David Dobbs, Jim Shepard, Dennis Down, Jeff Pierce, Terry Ostad, Bill Hillman, Dick Lake, Larry and Dick Brubaker, Bob Turzian, Larry Melton and Ralph Farmer.

Mr. and Mrs. John Munn, who recently purchased a new home in the Palm Air Estates, returned to the desert after making their home in Redlands for the past five years. Mrs. Munn (Pat) is the daughter of Mr. and Mrs. Warren Coble of Palm Springs. While living in Redlands, Munn, a professional photographer, was instructor of photography for Adult Education there and in Yucaipa and this month will open "Camera Center" on Broadway next door to Merle Norman Cosmetic Studio. Mr. and Mrs. Munn have two future addicts, Robin and Melody.

Following two months in San Louis Obispo, Mr. and Mrs. Scott Thompson returned to their Cathedral City home last week. Their son and daughter-in-law, Mr. and Mrs. Marshall Thompson, and children, Linda and Mark, were here from Montebello for the holiday weekend. Mrs. Thompson is on the faculty of the Palm Desert School.

Parakeet Lost, Return Asked

Appeal for aid in locating her missing parakeet was voiced today by Jessie Manifold, 1650 Calle Palo Fierro.

The parakeet, chartreuse and yellow in color, "talks very well." Its name is "Pepper."

Persons seeing the parakeet are asked to contact Mrs. Manifold at FA 4-9933.

NO. 957
NOTICE INVITING BIDS

Notice is hereby given that the Board of Education of the Palm Springs Unified School District will receive sealed bids for the following items of goods and services:
Furniture and Equipment.
Details and Specifications are obtainable at the office of the Assistant Superintendent of Schools, 338 North Palm Canyon Drive, Palm Springs, California, between the hours of 8:00 a.m. and 4:30 p.m. each day, Monday through Friday.

Bids will be received up to 10:00 a.m. on Thursday, September 17, 1959. They will then be held until 10:30 a.m. at which time they will be opened and read aloud in public. They will then be analyzed and presented to the Board of Education for consideration at its next meeting of the Board, to be held on September 17, 1959.

The Board of Education reserves the right to award on a partial basis on any item, to waive any formality or informality in the bidding, and to split any bid as submitted. Bids may not be withdrawn for a period of 30 days from the date of the bid opening.

NO. 956
UNITED STATES DEPARTMENT OF THE INTERIOR, BUREAU OF LAND MANAGEMENT, LOS ANGELES LAND OFFICE, LOS ANGELES, CALIFORNIA, LOS ANGELES 0106078

Notice is hereby given that Dan Ervin Val of 10-175 Highway 111, Cathedral City, California, who on May 17, 1955, made Los Angeles small tract purchase 0106078 for lot 4 sec. 30, T. 4 S., R. 4 E., S. B. M., California, was issued patent No. 1154138 on September 8, 1955, subject to right-of-way for roadway and public utilities purposes for 30 feet along the boundaries of said land. Dan Ervin Val has filed an application for the amendment of the certificate and patent, requesting the issuance of a new and correct patent subject to a 33-foot right-of-way along the boundaries of lot 4 sec. 30, containing 6.94 acres, in accordance with 43 CFR 237.16 (c), 1954, Revised Edition. All persons claiming an adverse interest in the correction of the width of the right-of-way in the patent for lot 4 sec. 30, will be allowed during the period of publication of the notice, or within thirty days thereafter, to file their objection to the amendment with the manager of the land office at Los Angeles, California, copy of objections to be served on the applicant, ACTING Manager, George H. Wheatley. First Publication September 3, 1959. Published September 3, 10, 17 and 24, October 1, 1959.

'DEATH DRIVERS' TO LOSE LICENSES

SAN FRANCISCO — (UPI) — All California drivers responsible for fatal traffic accidents will lose their driver's licenses for a year, state motor vehicle director Robert McCarthy warned today.

The new policy, effective Wednesday, is the third phase of what McCarthy calls an "all-out war" on poor drivers in California.

Suspension of licenses will bring on conviction of a moving violation in connection with any traffic death, McCarthy said.

McCarthy's program of cracking down on traffic violators started in April when he announced that

drivers convicted of four or more moving violations would have their licenses suspended.

The second phase came July 1, when he announced that drivers would lose their licenses for six months after their first conviction of misdemeanor drunk driving.

Who's Sorry Now?

THETFORD, Vt. (UPI) — After voters had defeated a school consolidation proposal they observed signs on a refreshment stand written by a sixth grade honor student which read "Sandwiches. Pay at the next table."

Mediator Hits Steel Parley Talks as 'Odd'

Government Worker Joins Eisenhower In Open Criticism

NEW YORK — (UPI) — The government's chief mediator, Joseph F. Finnegan, said today the negotiations in the 57-day-old steel strike are "the oddest kind of bargaining" he had ever seen.

Finnegan made this comment when asked about President Eisenhower's criticism that "half-hearted bargaining is not enough," and his demand that the industry and union begin "intensive, uninterrupted, good-faith bargaining."

FINNEGAN, ASKED if he thought the President's letters to both sides urging action would speed up the negotiations, said:

"Sometimes it jars people loose from their ideas—but only if they want to. In other words, only if they want to bargain and compromise."

ASKED IF HE agreed with the President's statement regarding "half-hearted bargaining," he said "it happens to be consistent with the statements of both parties. They have said they are right where they were when they started."

"It certainly is the oddest kind of bargaining I've ever seen—if you can call it that," he said. Steel management and labor officials held separate meetings this morning to select a dozen subcommittees to assist the top-level negotiating committees.

DAVID J. McDONALD, president of the United Steelworkers of America, held a private session with 450 USW officials in the ballroom of the Roosevelt Hotel.

R. Conrad Cooper, executive vice president of the U. S. Steel Corp., was meeting with industry officials in the Chrysler Building to choose their 12 subcommittees.

THE SUBCOMMITTEES will begin work Thursday under the supervision of the Cooper-McDonald top-level Negotiating Committee.

The strike by 500,000 steel workers entered its ninth week today. Tuesday night negotiators from both sides replied to criticism by Eisenhower.

Cooper charged that the only settlement the union has made possible so far would be a surrender to... pressures for an inflationary agreement.

PALM SPRINGS DOCTOR visits his alma mater as Dr. and Mrs. Kenneth A. Grow, 1031 North Palm Canyon Drive, Palm Springs, are shown on the terrace of the Indiana Memorial Union building on the Indiana University campus which they recently visited. Dr. Grow was graduated from the university's medical school in 1950.

CWTC Grads Get Diplomas After Class

Joint Apprenticeship Program Produces Skilled Electricians

Special to The Desert Sun

ARCADIA — Future Village workers in the California Water and Telephone Company's Palm Springs organization were graduated in ceremonies here yesterday that marked the completion of the first joint apprenticeship program in which the company participated.

A total of 40 employees received certificates in the program. The graduates will be assigned to CW-TC branches throughout the Southland.

THE JOINT Apprenticeship Program as conducted on the property of the California Water & Telephone Company, is the first of its kind in the telephone industry in the state of California, and among the first programs associated with the industry in the United States.

This program is administered jointly by the Company and Local Union 1008, International Brotherhood of Electrical Workers, AFL-CIO, and is under the auspices of the Division of Apprenticeship Standards as established in the State of California educational systems.

CHARLES F. HANNA, guest speaker to the group, is chief of the Division of Apprenticeship Standards for the State of California.

Fred H. MacGougan, Telephone Division manager, California Water & Telephone Company, and William J. Egan, president of Local Union 1008, IBEW, also participated in the program.

Adult Education Classes Popular

Riverside County had 5,602 persons enrolled in adult education classes during the past school year—with 3,321 attending classes at high schools and 2,271 at junior colleges.

Vertical Moving Of Fault Set At 20 Feet

BERKELEY, Calif. — (UPI) — A University of California seismologist reported today that surface vertical displacement of one of the faults in the Aug. 17 Montana earthquake was as much as 20 feet 11 inches.

Seismologist Alan Ryall explained that this meant the earth cracked, with one side dropping to form a cliff 20 feet 11 inches high.

RYALL RETURNED here yesterday with Dr. Don Tocher, head of the university of California seismographic station from "walking out" the faults in the disastrous quake. Nine persons were killed, another 20 were missing and feared buried under huge landslides caused by the quake.

"There were at least two faults running east and west on the north side of Lake Hebgen," Ryall said. "One was close to the lake and the other was farther up in the hills. They were about 20 miles long."

FBI CHIEF LASHES U. S. INDIFFERENCE

WASHINGTON (UPI) — FBI Director J. Edgar Hoover lashed out today at Americans who stand idle while criminals turn parts of the nation into a "no man's land" of violence.

Hoover, writing in the FBI Law Enforcement Bulletin, described as "shocking" the 9.3 per cent increase in crime last year. He noted it was the highest rate in the recorded history of U. S. crime.

THE FBI CHIEF said the report showed that some areas are a veritable "no man's land" where crime is ever lurking. He reprimanded citizens who have a "detached attitude towards crime."

"This country's citizens," Hoover wrote, "must awaken to the fact that the war on crime is not just the battle of the law enforcement officer."

"EVERY CITIZEN has a stake when hoodlums prowling the streets brazenly committing atrocities which appall even veteran police officers. No one is immune from the attacks of depraved murderers, robbers, sex offenders and

kidnappers." Hoover said the police officers are a "small patrol" when compared with the "army of law breakers roaming America."

"Often the law enforcement officer's battle is a lonely one," he added, "and too frequently the citizens who should be his allies are indifferent and apathetic."

Ex-U.S. Citizen Regrets Decision

WASHINGTON — (UPI) — Nicholas Petrulli, who renounced his American citizenship in hopes of becoming a Soviet national but now regrets it, appeared today to be a man without a country.

State Department legal experts called the case unprecedented. They searched for ways to help Petrulli out of his dilemma but said the law seemed stacked against the Valley Stream, N. Y., man who got carried away by what he saw in Russia as a tourist.

Petrulli formally renounced his U. S. citizenship last week during a trip to Moscow.

OMAR SAID IT FOR US (with some help):

"I wonder often what the Vintners buy
One-half so precious as the stuff they sell."
—from The Rubaiyat of Omar Khayyam

Far be it from us to go high-brow but something has happened that makes us think of what that famous wine plugger, Mr. Khayyam, had to say. We mean that part about selling something that's worth more than what we buy.

A builder friend of ours had just been over to Golden Vista Estates to inspect our model home. After looking over the spacious lot (100' x 120'), the beautifully designed and efficiently laid out house (thanks to those award-winning A.I.A. architects Palmer and Krisel), and the complete equipment, i.e.: Paddock heated pool, Gaffers and Sattler built-in range and oven, Westinghouse washer and dryer, Waste - King dishwasher, etc., etc., (you can see we are name dropers, especially nationally advertised names)—anyway, this builder friend of ours came in and gave us a sales talk on our development.

"You guys must be wizards," said our friend. (We forgot to mention that while this man is a good builder, he is no poet, like Mr. Khayyam for instance.) Well, we wanted to make the gentleman

feel at ease so we asked, "What makes you think we are wizards?"

"Why, that price tag of \$31,950," he replied. Then he went on to say, "The lots alone in that Las Palmas district are worth \$11,000 up, maybe even twelve-five (that is \$12,500). If I built that house myself, I couldn't touch it for less than twenty-nine to thirty thousand for house alone plus the cost of the lot. Even then I wouldn't have as good an architect to lay it out. I can buy house and lot from you for around \$10,000 less than I would buy and build on my own. And those terms! Where can you get 6% money today? And twenty-five years. No wonder you fellows sell so many homes, so fast."

Actually, we are not wizards. We merely have an efficient organization. We buy only desirable property, but we buy it right. We do not try to make a fortune out of every house we build but depend on volume. We try to offer the biggest value possible on the most favorable terms. Above all, we stress quality in design, materials, construction and accessories. Come and see for yourself.

We invite you to visit our model homes.

CHP Warns Drivers

'Be Extra Careful'

"Watch out for children — they may not be watching for you," this is the appeal of Capt. L. W. Watson, commander of the California Highway Patrol's 1st 10 Area, issued today after noting that reports of children crossing the road to children in the vicinity of school grounds.

"In all children, particularly, are unpredictable and may dash into the street at any time," Capt. Watson continued. "Concentrations of bicycle riders are also found near schools, making special alertness on the part of every motorist necessary."

The CHP commander also remarked drivers that they in a state of mind when they come upon a school bus that is displaying a flashing red light.

"This signal means the school bus has stopped to take on or let off children and that youngsters will be crossing the roadway to and from the bus."

Noted Educator Gives Views On Financing Higher Education

(EDITOR'S NOTE: It's time to "take sense" about the financing of higher education for America's young people, says Dr. Millicent Carey McIntosh, one of the nation's most distinguished educators. In this dispatch, condensed from the Barnard College Almanac Magazine, Dr. McIntosh suggests some of the needs as she sees them.)

By MILICENT CAREY MCINTOSH

President, Barnard College

(Distributed by United Press International)

NEW YORK (UPI)—We need an education revolution in this country.

This revolution is not in the curriculum of our schools, although clearly much needs to be changed (and is being changed) in that area. It must be in our attitudes toward education, which at best are ambivalent and unrealistic.

By Police Chief

Tips Are Given Bicycle Safety

Youngsters who ride their bikes to school were today cautioned to remember their responsibilities as citizens while traveling through city streets.

Pointing out that school opens next week, Police Chief August Kettmann stressed the traffic and safety rules that should be observed by young cyclists.

"BIKE RIDERS must obey all traffic signals and signal stops and turns, as do operators of motor vehicles," Chief Kettmann said.

For safety, all riders should travel in a single file on the right hand side of the street at all times.

times. Cyclists shouldn't travel against traffic, he said.

Chief Kettmann also warned motorists to be watchful of the young cyclists who will soon be joining the early morning traffic flow. He urged drivers to exercise proper judgment in the proper traffic courts.

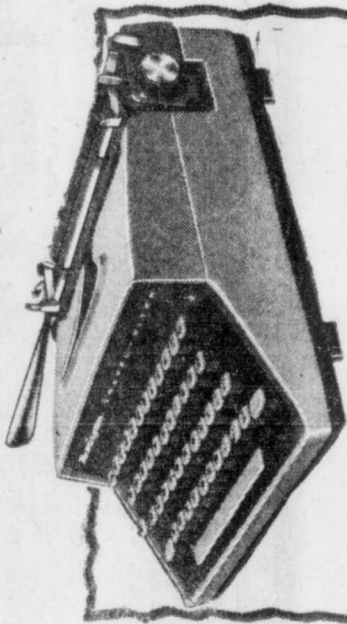

"DRIVERS SHOULD be alert for bike riders during the pre-school hours and at all times when they're driving in the vicinity of schools," Chief Kettmann added.

The chief also advised cyclists to have their bikes checked by a competent mechanic before the start of the fall term.

A TYPICAL EXAMPLE of school construction work completed during the current, five-year Palm Springs school expansion program is this modern, new school building at Palm Springs High School, within the next three years. (Desert Sun Photo.)

RECORD 3,200,000 STUDENTS TO BE ENROLLED IN STATE

SACRAMENTO—California public elementary and high schools for the first time will enroll over three million children when they reopen this month.

Already the nation's biggest school system, it will have some 2,200,000 pupils in classes this year, the State Department of Education estimated today.

Students will find Sputnik's impact evident in many classrooms. There will be tape recorders for foreign language instruction. Science laboratories will be better equipped. Mathematics classes will be expanded.

SOME 117,000 teachers will be ready for the year's lessons. Among them will be 11,000 new teachers, 4,300 short of the need. Provisional teachers will make up the difference.

Many students will have new classrooms — 9,000 are to be ready for fall use. Less than 80,000 students will be left on double session, compared to 179,123 just four years ago.

It will cost Californians \$1.5 billion to run a year's classes for those three million pupils. More than half the cost of this more intensified training will be paid by local taxes, and the remainder by state funds.

AMONG THE SPUTNIK-speeded features will be Russian language classes in more than 20 high schools. Just two years ago only two high schools offered such classes.

5,000,000 MARK
FORECAST IN
STATE BY 1970

SACRAMENTO — Already the nation's biggest school system, California's public elementary and high schools will have five million students by 1970.

That's two million more than are expected to enroll this month when schools reopen, the State Department of Education noted today.

It took California 13 years to raise public school enrollments from one million in 1940 to two million in 1953. Since then the school-age population surge has hit full stride, and only six years later another one million increase is in sight.

Five years from now the school population will hit four million, and six years after that five million. Thus school population will grow nearly twice as fast in the next 11 years as during the 1940-50 period, Department officials noted.

"THE CREEDMOOR BANK"
An Antique American Coin Bank
From The Collection Of
THE BOOK OF KNOWLEDGE

Right along with their regular
Schooling young folk should learn

The Tradition of American Thrift

On November 6, 1877, a clever American housewife patented, with great enthusiasm, this mechanical coin bank.

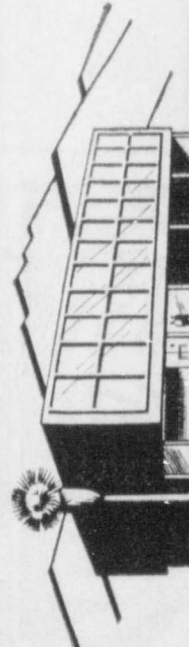

His enthusiasm was well founded, for the clever workmanship and design of this coin bank made it a very popular seller, and in the 1870's and 1880's the Creedmore bank could be found in thousands of American homes.

Taking its name from an old New York State Rifle Range, as little mechanical soldier takes aim and shoots a coin into a tree trunk. Now this old bank has become a valuable antique—a fine collector's item. But it is something more than that—it is a symbol of the thrift and savings which have helped make our nation great, and have provided financial security and independence to millions of Americans.

The Savings Account which you open and into which you make regular deposits, will provide financial security and independence for you.

School District Has Grown from 21 to 3,800 Pupils

It was a dusty March day back in 1869 when Dr. Welwood Murray opened the rapidly built-together schoolhouse in six of the most modern school buildings a taxpayer's money can buy.

What's more, the Palm Springs district's first schoolhouse.

See DISTRICT, Page 9

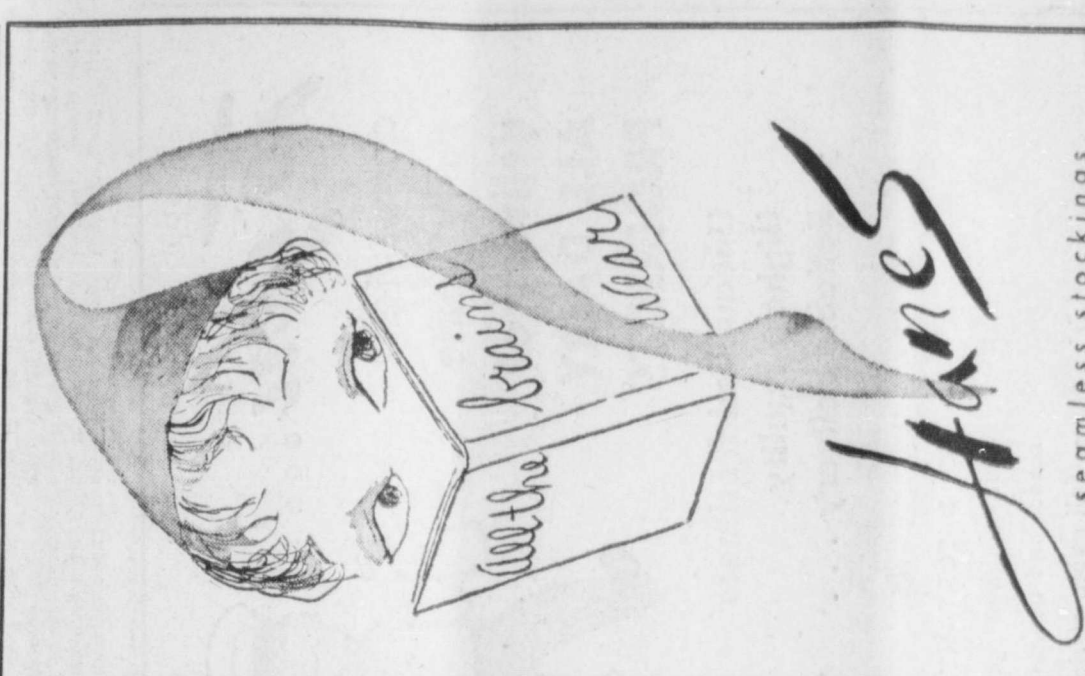

THREE NEW SCHOOL ADMINISTRATORS ARE NAMED HERE

Three Palm Springs schools will have new administrative heads when classes open next Tuesday.

Chester Sproule moves into the principal's office at Cathedral City School replacing Sam Meekins, who is now on leave.

Other new appointments include John Mount, who is assigned as acting principal of Cathedral City, and James Milliron, acting principal of Nellie N. Coffey Junior High School.

AND, WHEN SOME 3,800 students start a new fall term this Tuesday, they'll parade into classrooms housed in six of the most modern school buildings a taxpayer's money can buy.

INTIMATE APPAREL

Take Advantage of Our Personalized Garment Fitting Service

A NEW LIBRARY WILL soon rise on this concrete slab just poured at Palm Springs High School. The new library is one small part of the current school expansion program here. In the past two years, the high school has received 10 new classrooms, a new science building, paved parking areas, tennis courts and various other items financed by a \$2,138,000 1957 bond issue. Next month, district voters will pass judgment on a \$4,160,000 bond issue scheduled to add even more buildings to the high school. (Sam Photo).

New Bond Issue Election Plans For 6,000 Pupils

Aiming for the successful conclusion of the biggest expansion program in school district history, Palm Springs Board of Education members have laid the groundwork for an educational plant capable of housing more than 6,000 students by 1963.

But the outcome of this blue-ribbon panel for education depends solely upon the unpredictable whims of Palm Springs Unified School District taxpayers.

ON OCT. 13, DISTRICT voters will be asked to pass judgment on a \$4,160,000 bond issue designed to finance a mammoth school building and site acquisition project tailored to fit district needs in the foreseeable future.

It is regarded by educators as a "minimum program" entirely devoid of "frills" — and its fate is delicately balanced on the pencil points of the citizens who'll mark the bond ballots come election day.

BOARD MEMBERS haven't offered any views of what might happen if the bond issue fails. They leave that to the imagination of the district voters.

It could mean double sessions, "temporary" buildings (barracks-type affairs) which have a habit of becoming permanent, or maybe vastly elevated tax rates over a period of 10 years or so. Take your pick.

Tagged as the second phase of a five-year school expansion program launched with a \$2,138,000 bond issue in 1957, the new building project basically covers the next three years.

BUT A FAR-REACHING, site acquisition plan is tucked into the program which was originally charted by a Citizens Advisory Committee more than two years ago.

Basically, the bond issue provides a three-year building schedule designed to provide facilities for some 4,500 students. But enrollment is expected to double the current mark about 3,500 — by 1963. So, the current bond note is "be prepared."

THE CONSTRUCTION program charted for a two-year period ending November 1961 calls for a 170,000 sq. ft. temporary school, \$100,445. District High School expansion, \$374,000.

106: Rancho Mirage Elementary School, \$279,822; library, classrooms, home-making and shop additions for the Junior High, \$21,149; five more classrooms and arts, crafts and auto units for the High School, \$67,658; and a district educational center, \$239,000. The high school program is designed to create a secondary school campus capable of housing a maximum of 1,500 students.

SITE PROPOSALS for schools in the more distant future involve three Palm Springs areas — including one marked for a second Junior High School within four years — Woodier Palms area and a second Cathedral City site.

MISS BETTY JEAN LIDWICK, third grade at Cathedral City School, attended Los Angeles City College and graduated from Los Angeles State College with a Bachelor of Arts degree. A native of Los Angeles, Miss Lidwick has also had cadet teaching experience and is employed by Western Airlines in summer; her hobbies are vocal and instrumental music.

MRS. STELLA FULMER, third grade at Frances Stevens School, has a Bachelor of Science degree from Eastern Montana College of Education and has teaching experience at Billings, Mont., and Escondido and Bakersfield, Calif. A native of Deadwood, S. D., Mrs. Fulmer is also interested in reading, horseback riding and bridge.

MISS PEGGY HALPER, second grade at Katherine Finchy, graduated from Brigham Young University (Utah) with a Bachelor of Science degree; taught science and grade in San Diego for two years before coming here. Her mother, Escondido and Bakersfield, Calif. A native of Deadwood, S. D., Mrs. Fulmer is also interested in reading, horseback riding and bridge.

MRS. LILLIAN J. HENDRICKS, fifth grade at Cielo Vista School; a former teacher here (at Katherine Finchy School), Mrs. Hendricks returns after an absence of several years. She obtained a Bachelor of Arts degree at Redlands University and has taught at Banning and the State of Arizona; interested in dramatics and travel.

EDWIN D. ALABOUGH JR., science teacher at Palm Springs High School, received A.B. degree at Colgate University and a Master of Arts degree at Stetson University; has graduate work at Columbia University and Rollins College. Teaching experience at Orange County and Anaheim, University of California, Los Angeles, and in oil, building and real estate; married; has a five-year-old son; likes fishing, hunting and books.

From Page 3

DISTRICT GROWTH

Board of Education members are standing at the midway point of an expansion program that will (they hope) add \$4.5 million worth of new school property to the district in the next two years — in preparation for an estimated 5,000 pupils.

IT ALL STARTED on March 7, 1948, with a school district that involved a total assessed property valuation of \$295,275 — most of which was owned by Southern Pacific, the major enterprise here then.

to the high school campus, however. In its first year of operation, the auditorium has served as both a scene for high school drama, music and dance efforts and a setting for concert appearances by such talented artists as Leon Fleisher, Joseph Szigeti and the Los Angeles Philharmonic Orchestra. (Desert Sun Photo).

AUDITORIUM HAS SERVED VILLAGE

They designed it for the Palm Springs High School student body, but thus far in its short history the school's luxuriously-appointed auditorium has doubled in brass as the most-used of all community buildings.

Upon its stage have appeared some of the best of America's artistic talent, some of the acknowledged leaders of culture in the desert, and outstanding student artists in music, drama and dance.

THE DUAL ROLE enjoyed by the auditorium at Palm Springs High School — as a school building and a community hall — isn't unusual at forward-looking school districts.

School administrations, faced with the need to justify every penny spent to dollar-wise school boards, have taken to the idea of "multi-purpose, multi-use" buildings with avidity.

Instead of a school plant that stands like a darkened giant after its young charges head homeward each day, most districts now flip a switch and turn on the electricity — and the education — for thousands of adults.

THE ADDITIONAL use of school auditoriums and cafeterias followed naturally.

Concert programs were created where none had previously existed. Community forums began to flourish as did dramatic presentations. In some communities, road companies of hit Broadway shows made an appearance before audiences that had never been east of the Mississippi River.

IN PALM SPRINGS, under an "operational expense" cost, organizations like the Community Concerts Association, the Palm Springs Playhouse Guild, the Moral Re-Armament group and other sundry entrepreneurs.

Mohandas K. Gandhi's grandson appeared here.

But so did one-time operatic great, Nadine Conner.

And so also did the fantastic Monte Carlo, the Ballet Russe de Philharmonie orchestra and the Dean of Performing Violinists — Joseph Szigeti.

STUDENTS UTILIZE the auditorium for assemblies, for senior presentations, for junior and senior dramatic endeavors and for added events as:

—The all-Riverside County band competitions.

—Choral music recitals.

—Musical comedies—like "Oklahoma," which drew large crowds last spring.

—Graduation.

AS PALM SPRINGS grows, demand for the auditorium usage is sure to increase. Already on the agenda for this coming season are such star-studded entertainment treats as Leonie Price, the Los Angeles Philharmonic and the Roger Wagner Choral.

The school district is wary about promising dates for programs in its beautifully-paneled, \$300,000 hall. And with good cause. The students, they reason, come first.

PROTECT OUR CHILDREN ... drive carefully!

NEEDLESS TRAGEDIES CAN AND MUST BE PREVENTED. DRIVE CAREFULLY, ESPECIALLY NEAR SCHOOLS. A LITTLE CAUTION MAY SAVE A CHILD'S LIFE ...SO PLAY SAFE!

FOLLOW THESE SAFETY RULES AND SAVE A LIFE!

DON'T

drive a mechanically unsafe car. Make sure brakes, steering wheel, tires are perfect!
 Don't ever exceed the legal speed limit; drive even slower if traffic conditions warrant it!
 Don't let your attention wander to your companions; the scenery! An alert driver is an alive driver!
 Don't leave your courtesy at home! Obey road rules, drive so as to protect pedestrians and drivers!
DO
 obey all traffic regulations, marking and signals
 Always be courteously alert, cautious!
